

WHY VOTE FOR HUGHES

KILBORN BELIEVES IN PRINCIPLE OF PROTECTION FOR AMERICAN INDUSTRY

I have read with interest the communications to The News on the political situation and now I'd like to state my position. For a number of years past I have been a free lance in politics, weighing carefully the merits of the candidates and what they stand for, then voting for what I consider the best.

This year I am not voting for men as much as for principles. Both Wilson and Hughes are Christian gentlemen of stainless private and public life and both men of high ideals. Mr. Wilson has to his credit many notable achievements, such as the new currency and banking law and the keeping of this country out of war. The currency act is the culmination of many years of earnest striving by men of both parties, and the Democrats certainly deserve credit for bringing the idea to a practical solution.

Mr. Wilson has kept us out of war by failing to protect our citizens in Mexico and on the high seas, holding that they should all have stayed at home till peace was assured. He certainly kept us out of war but his methods have made the American nation a synonym for cowardice and truckling, abroad. Mr. Roosevelt kept us out of war four times during his seven years as president, but I never heard any one claim that as a reason for voting for him four years ago. Many think his idea of standing firmly for American rights and putting the whole power of the army and navy behind every American citizen abroad, the plan that Mr. Hughes advocates, would just as surely "keep us out of war," and at the same time earn the respect instead of the contempt of other nations. That is a matter for each voter to decide for himself.

Again it is claimed that Mr. Wilson did great things for the laboring man when he forced the passage of the Adamson law, which apparently benefits the members of the high salaried brotherhoods, while it actually decreases the earnings of the more poorly paid laborers, who are in a vast majority.

But none of these things decide my vote. With nothing to choose between the two men in point of character and attainments and not denying Mr. Wilson's exalted services to his country, I base my decision on the previous record of the two systems of national policy. I lived through two Democratic administrations when there was no world war to create an artificial demand for our products, and I am not pining for a third experience. What man of forty or more does not remember the direful days of 1893 to 1896 with actually millions of men out of work while they and their families were fed by the public. Free soup houses abounded in the large cities for months. The cause of it all was the dumping on our shores of the products of foreign pauper labor driving our own manufacturers to the wall. Remember, also, the almost magical return of prosperity in 1897, when the Dingley bill began to get in its work. I do not believe in a high tariff but simply a tariff for protection instead of simply for revenue, which is the Democratic idea.

I believe the greatest good to be far the greatest number will be secured under a tariff for protection policy, hence I shall cast my vote for Charles Evans Hughes, firmly believing that if Wilson is president when the war ends, our country will fall upon the hardest times ever known.

O. L. KILBORN,

HONOR DR. GREGG

There was a pleasant gathering at the Gray Hotel, Thursday evening, when the officers of the Glendale Garden society and the city trustees entertained at dinner in honor of Dr. J. W. Gregg of the University of California who later in the evening gave a lecture before a large audience at the high school auditorium. The guests were Mayor J. S. Thompson, Trustee G. B. Woodberry, Trustee F. L. Muhleman, City Manager T. W. Watson, Mrs. Nanno Woods, J. H. Woods, Mr. and Mrs. Albert Cornwell, Mr. and Mrs. Frank Hester, Morris E. Caruthers, Mrs. Caruthers, Miss Caruthers, C. H. Woolsey, Mrs. Ella Richardson, Paul Richardson, Mrs. Opal Greenwalt, Mr. and Mrs. H. C. Ackley, A. T. Cowan and Dr. Gregg. Mr. Gray sustained his usual reputation as being a first class caterer. At the conclusion of the dinner Mayor Thompson in a few well selected words introduced Dr. Gregg who spoke briefly and pointedly upon the subject of tree planting and city beautifying.

PACKER'S CANDIDACY

GLENDALE CANDIDATE A SAFE MAN TO HAVE ON COUNTY BOARD

Glendale is honored at this time in having a candidate for the office of supervisor of the Fifth supervisory district of Los Angeles county. The candidate is Stephen C. Packer, a resident of Riverdale Drive, Glendale. It is almost a year since more than 2000 of Mr. Packer's friends signed a petition asking him to become a candidate. This petition was voluntarily signed by bankers, ministers, merchants, ranchers and day laborers, everybody was for Packer. Aggressive campaign work was not commenced by Mr. Packer until about the first of June. Other candidates came into the race, and when it came to the date of the primary election which was July 29, there were three avowed opponents to the Glendale candidate.

The conditions of the primary law required the two candidates receiving the highest vote to become rival candidates at the general election which is to occur next Tuesday, November 7. Mr. Packer was one of the two receiving the highest vote.

Mr. Packer's main qualification is that he is a gentleman of superior judgment. He is slow to express his opinion on questions of which he has not become conversant, and when it becomes his duty to inquire as to the merits of a proposition he does so in a systematic and thorough manner.

Mr. Packer is a man of conservative principles. He is averse to making promises and has absolutely refused to enter into any political deals for the sake of getting votes at next Tuesday's election.

Mr. Packer's closest friends know that his word may be depended upon, and when he promises to aid in the enforcement of all county laws including the dry laws, they know that he will do just what he promises he will do.

The editor of The Evening News stands for all that is good in county government, and is an enthusiastic advocate of California dry, and having had a personal acquaintance of several years with Mr. Packer, believes that he will be a safe man as supervisor of this county to aid in the enforcement of all liquor laws and that he will ever be ready to favor reasonable appropriations necessary to be used for the enforcement of the law. These words are of little value only to those who know of the honest intentions of the editor of The Evening News. People who have for more than three years observed the trend of this paper on all questions of vital interest to the public may be able to judge for themselves as to the merits of an opinion rendered on the question under discussion.

If you wish to promote the efficiency of county government and if you wish to have a supervisor on the board from the Fifth district who will sensibly approve of the enforcement of all laws vote for Stephen C. Packer.

TOWNSITE DISPUTE ENDS

Mrs. H. R. Sibley, 1517 Penn street, who is one of the principal stockholders in "The Signal Gold and Tungsten Company," of Goffs, Cal., is rejoicing along with the other stockholders of that company over a decision of the land office in connection with the disputed township of Goffs. The township was located by Henry C. Ware, fourteen years ago, when he located his homestead which he has continuously occupied. Some time ago he had a Canadian manager of the store, and finally sold out the contents of the store to these people. They then brought an action for possession of the township in the name of Mrs. Anna C. Brooks and as his has been decided adversely to them the store building reverts to Mr. Ware. It is likely that "The Signal Gold and Mining Company" will take up the store themselves. It is a profitable business. Goffs is on the great overland route and every auto that passes on that route stops there for gasoline. It is not uncommon to sell \$60 worth of gasoline a day at that station.

MISSIONARY MEETING

The Woman's Home Missionary Society of the First Methodist church met at the home of Mrs. R. L. Lacy, 135 S. Kenwood, on Thursday afternoon. The usual enthusiastic workers in this cause were present and in the program that followed the business meeting Mrs. Knox, Miss Brockman, Mrs. Potter and Mrs. Wagon contributed to the interest of those present.

WILSON RETURNS TO HIS SUMMER HOME

PRESIDENT LEAVES NEW YORK AFTER HAVING BEEN ACCORDED A MOST HEARTY WELCOME

(Special Service to Glendale Evening News)

NEW YORK, Nov. 3.—President Wilson left here today on the government yacht Mayflower for Long Branch. During his stay in this city he spoke four times to immense and enthusiastic audiences and left highly pleased with his visit. He will return to Shadow Lawn where he will probably rest until the election is over. Special telegraphic arrangements have been made for sending the returns of the election to the president's summer residence.

FRENCH TAKE POSSESSION OF FORT VAUX

GEN. NIVELLE'S TROOPS MARCH INTO RUINS THAT GERMANS HAVE BEEN COMPELLED TO EVACUATE

(Special Service to Glendale Evening News)

PARIS, Nov. 3.—General Nivelle today sent his troops into Fort Vaux and took possession of the famous position which cost the Germans so heavily, without the loss of a single man. The French artillery had rendered the fort untenable. Before leaving, the Germans, who were suffering heavy losses from the artillery fire, blew up what remained of the fort and carried away what they could. They have now been driven out of all the positions that are calculated to have cost them 500,000 men.

AVIATOR CARLSTROM MAKES JOURNEY OF 975 MILES AT AVERAGE RATE OF 110 MILES AN HOUR

(Special Service to Glendale Evening News)

NEW YORK, Nov. 3.—Aviator Carlstrom reached this city this morning, after a journey of 975 miles which he accomplished at the rate of 110 miles an hour. At one time he made 137 miles an hour. On account of a leaking gasoline tank, Carlstrom was compelled to alight at Erie, Pa. He expects to make the return journey without a break.

ANXIETY OVER AMERICANS IN PARRAL

TWELVE UNITED STATES CITIZENS RESIDENT IN CITY TAKEN BY VILLA BELIEVED IN DANGER

(Special Service to Glendale Evening News)

EL PASO, Nov. 3.—Considerable anxiety is felt here over the possible fate of twelve Americans who have been resident in Parral for some time. That city has now been captured by Villa and there is danger that the Americans may be put to death, as Villa is implacable against all United States citizens. It would be easy to show that they were killed in the fighting that preceded the capture of the city.

ITALIANS RESUME ADVANCE ON TRIESTE

GEN. CADORNA'S TROOPS CAPTURE POWERFUL AUSTRIAN DEFENSES AND TAKE 4700 PRISONERS

(Special Service to Glendale Evening News)

ROME, Nov. 3.—General Cadorna has sent forward his army once more in an unexpected drive against the strong Austrian defenses on the Carso. The Italian artillery destroyed the Austrian trenches and the troops then rushed the strong system of trenches east of Vallone. Four thousand seven hundred prisoners were taken, several large siege guns, numbers of machine guns and vast quantities of war munitions were captured. The Italians now occupy the eastern slopes of Tivoli and San Marco.

GERMANS ADMIT FRENCH SUCCESS AT SAILLY

BERLIN WAR OFFICE NO LONGER SEEKS TO DENY LOSS OF IMPORTANT POSITION ON THE SOMME

(Special Service to Glendale Evening News)

AMSTERDAM, Nov. 3.—The Berlin war office, after repeated denials that the French had captured Saily-Sallisel sector, now admit that it has been taken. The French troops today made another sharp attack and captured additional German positions, taking 200 prisoners. That brings the number captured within twenty-four hours to 700. There are indications that the Allies are about to attack again. Fine weather is expected for the next few days and the advance will continue.

CIVIL WAR MAY BREAK OUT IN GREECE

(Special Service to Glendale Evening News)

LONDON, Nov. 3.—It is expected that any moment may see a pitched battle between the royalist forces that are supporting King Constantine and the revolutionists who are friendly to the Allies. A revolutionary force of 600 men yesterday attacked Katerina and put to flight a small force of 150 royalists who retreated to Larissa in Thessaly.

GREAT SUCCESS

LARGE AUDIENCE GREETED DR. GREGG OF UNIVERSITY AT HIGH SCHOOL

One of the largest audiences ever gathered in the high school auditorium was witnessed last night, when several hundred citizens of Glendale greeted Dr. J. W. Gregg of the University of California. The lecture on Public Parks and Playgrounds was followed with close interest by the many representatives of civic and welfare movements and organizations. In quick succession pictures of beautiful parks and well equipped playgrounds fed the eye and brain of the audience. Landscape, declared Dr. Gregg, surrounded and influenced man all his life; from the day of his birth he lived on it, beauty or ugliness assailed him wherever he went, even when he was dead and buried, he could not get away from it. The day is passed when individuals and cities consider the idea of beauty as merely an esthetic fad; civic beauty, tree-lined streets, parks, well kept swards of grass and luxuriant growth of shrubs and flowers now prove to be the most economic assets of any city. The only cities fit to live in are the progressive cities. Progressive cities are those in which parks and playgrounds and tree lined avenues are conspicuous features. Indeed, these are now-a-days the stock-in-trade of any city building for a successful future. The first questions an easterner will ask of the city in which he might possibly locate is, "Where are your parks, where are your playgrounds, what fire protection have you?"

Beauty costs, of course, you have to pay for it; playgrounds cost money, adequate fire protection costs money; wholesome recreation costs money; anything worth having costs money, or its equivalent, time and exertion. False economy never pays, cities must spend money. The city of small taxes is the city off inadequate fire protection, it has poor or no parks, it has no municipal playgrounds, in short, it has nothing to offer its residents but small taxes. No man of any correct conception of life will object to pay taxes when he and his family, his children and his children's children can reap an adequate benefit therefrom.

Dr. Gregg made an eloquent appeal that Glendale should seriously consider these questions. Now is the time to purchase land. Why now? Because land will never be any cheaper than it is right now. Ten years ago land could have been purchased so to speak for a mere song, ten years from now land will be double the price it is today. Therefore now is the time to buy. The progressive city is bonded to its limit. Glendale has yet a goodly margin which could be utilized for the good of the present and future generations.

Plans of municipal improvements should be made from the beginning. All work done should have a definite end in view, that there be no waste of energy, no waste of money, no tearing down to make way for other ideas, no misuse of even an inch of land. What answer has Glendale to give the man who asks: "Where are your city parks, where are your municipal playgrounds and swimming pools, where is your municipal auditorium?"

Dr. Gregg was listened to with rapt attention and frequent outbursts of applause punctuated his telling remarks. Glendale owes a debt of gratitude to Dr. Gregg for the important civic message delivered last night.

COLORADO BOULEVARD P. T. A.

The meeting of the Colorado Boulevard School P. T. A. November 2 proved both profitable and enjoyable. Little Miss Chase delighted her audience with two humorous readings, "Almost Beyond Endurance" and "A Fishing Trip." Miss Violet Landman gave a sweet childish rendition of "Somewhere a Voice Is Calling," and Mrs. Landman played with much ability and sweetness Wollen Haupt's Scherzo Brillante.

The subject of Mrs. C. E. Hutchinson's talk was "Keeping in Line." She spoke of the vast amount of good women had done toward the betterment of humanity in the past few years, but said that there was much still to be accomplished. She made a strong plea for the P. T. A. and its work as a means toward more enlightened motherhood and the ultimate end, better men and women.

The 200 daffodil bulbs presented last night at Dr. Gregg's lecture, under auspices of the Glendale Garden society, were donated by and grown in the garden of J. H. Woods, 1222 Milford street.

AN OFFICIAL BREAKFAST

Mrs. Charles Wallace Kimberely, of 345 South San Fernando road, gave an official breakfast to the state officers of the Federation of Women's clubs and members of the Thursday Morning club of Tropico, Thursday, November 2. The dining room was tastefully decorated in pink and white while the living room was decorated in yellow and white. In the center of the dining room was an immense round table at which all the guests were seated. In the center of the table was a large pyramid of violets and Cecil Bruner roses, from which pink and lavender ribbons with individual bouquets of violets attached stretched to each guest's place. The place cards were beautiful hand painted cards that opened like boxes, displaying each guest's name. The breakfast was a five-course affair. The toast to Mrs. E. B. GLENDALE, CALIFORNIA, FRIDAY, NOVEMBER 3, 1916

TRUSTEES' MEETING

OFFICERS READ MONTHLY REPORTS—RENEW CONTRACT WITH ENGINEER

The regular meeting of the board of trustees of the city of Glendale was held in the city hall, Thursday evening, November 2, 1916. Present: J. S. Thompson, president of the board and Trustees Charles Grist, R. M. Jackson, F. L. Muhleman and George B. Woodberry. Also present: T. W. Watson, city manager; J. C. Sherer, city clerk; W. E. Evans, city attorney; H. B. Lynch, manager public service department; R. E. Chase, health officer; George H. Herald, city marshal; A. H. Lankford, fire chief.

The minutes of the last regular meeting were read and approved.

Dr. R. E. Chase, city health officer appeared before the board and was requested by the chairman to give his opinion as to conditions at Thornycroft hospital, and in regard to the features of the proposed ordinance for the regulation of hospitals and sanitariums. Dr. Chase expressed the opinion that the provisions of the ordinance were all right except as to the distance of 200 feet required to be left between the places where patients are kept and other residences, believing that a distance of fifty feet is sufficient. The doctor expressed the belief that a well conducted hospital is less a menace to the health of the community than are even a very few victims of tuberculosis scattered around in private residences. At the conclusion of Dr. Chase's testimony the matter was referred to the city attorney and the health officer.

An application for a hunting permit was presented from Hugh Cornwell, and on motion of Trustee Grist, granted.

A communication was read from Mrs. W. E. Evans, representing a committee of the Tuesday Afternoon club, announcing that the club proposes to hold a bazaar at the Masonic Temple for the benefit of the club house building fund on Saturday evening, December 2, next, and extending an invitation to the city officials and their families to be present, also expressing the wish that Mayor Thompson open the program of the evening with an address. On motion, the invitation was accepted and the communication ordered to be filed.

A communication was read from the county sealer of weights and measures of Los Angeles county, accompanied by a proposed ordinance for the regulation of the weight of bread loaves, and the sale and standard thereof, suggesting the advisability of adopting a similar ordinance. On motion, the communication was referred to the public welfare committee.

Monthly reports were read from the building inspector and recorder, which were ordered to be filed.

The tax collector reported collections since last report amounting to \$2155.10, making a total collected to date of \$4765.35. On motion, the report was ordered to be filed.

On motion of Trustee Grist, it was ordered that the contract entered into on June 2, 1914, between the city of Glendale and E. M. Lynch, be canceled. The city attorney presented a renewal of the above contract in the form of a resolution which on motion of Trustee Muhleman was adopted and the new contract ordered to be entered into and signed by the proper officials.

The city attorney reported in regard to the opening and widening of Sycamore Canon road, that it had so far been impossible to find the present addresses of some ten or twelve parties in interest upon whom summons must be served, and that it will be necessary to take measures to search the directories of the cities of the state in order to comply with the legal requirements.

On motion of Trustee Muhleman, the city attorney was authorized to take such steps and incur the necessary expense.

HE WAS MISINFORMED

A politician of generous avoirdupois entered the editor's office wearing a dark frown.

"I understand," said he, in a stentorian voice, "dat youse had a piece in your paper callin' me a liar."

"You have been misinformed, sir," returned the editor, calmly. "This paper publishes only news."

Everybody concedes its beauty.

It wins on economy.

But its roomy seats, deep upholstery and easy riding cantilever springs—

These things make it so amazingly comfortable that people can hardly believe their senses.

You wouldn't think that a small, light, economical, low priced car *could* be so comfortable.

But come in and let us prove it to you.

Joe has been a member of the volunteer fire department for some time and has on many occasions acted as court interpreter in the police court here. His services in that respect will still be at the command of the court.

On Sunday, Nov. 5, a lively contest opens in the Christian Sunday school. It is in the nature of an auto trip. Each class chooses a different color for its machine and the tour is by means of points secured—attendance, on time, Bibles, lesson helps and new pupils constituting the points, each point to be a mile of progress. The contest bids fair to be a lively one and it is hoped will build up the school.

The old green shack on Lomita, near Central, figured as an old-fashioned farm house in a thrilling movie scene Wednesday, in which the old farmer with his heavy, white beard, the typical farm hand, the charming young mistress of the home busily working the churn dasher, the saucy milkmaid and general utility girl, all figured to the life, much to the enjoyment of nearby residents and passersby.

Dr. Henry R. Harrower, F. R. C. S., who lectured at the high school, Tuesday, on "The Chemistry of the Body," delivering two lectures to large audiences of the students of the Science classes, under the direction of Prof. Houdyshe, will deliver the second lecture of his series of three, Monday, at 9 o'clock. The lecture will be on "The Internal Secretions," and is certain to prove of intense interest. Dr. Harrower is a specialist in Physiological Chemistry. His lectures are intensely interesting. The public is invited to attend.

Mr. Jensen, proprietor of Jensen's grocery, at the corner of Belmont and Broadway, dislocated his shoulder on Halloween night. Some boys on mischief bent were making a noise close to the store and were throwing stones at the city light at the corner of the street. Mr. Jensen, hearing what was going on, ran out to put a stop to the mischief, when he slipped and fell heavily to the ground. Finding that her husband was quite seriously injured, Mrs. Jensen called Dr. Comstock from the Sanitarium, who administered an anesthetic and replaced the dislocated joint. The injured man is progressing favorably.

The Home Missionary Society of the First M. E. church met at the home of Mrs. Lacy, 135 South Kenwood, Thursday afternoon. Meeting was called to order by the president, Mrs. Spickerman. Devotional was conducted by Mrs. Shattuck, who gave a very thrilling talk, followed by several voluntary prayers. After business session, Mrs. Ingledue took charge of the program. Mrs. Knox, Miss Brockman and Mrs. Potter read very instructive papers in a most pleasing manner. Interesting thoughts and suggestions were brought out about the work. All departed feeling glad they were present.

Dr. Jessie Russell, who has been in New Mexico for the last seven weeks, assisting the men of the state in forming a Republican organization, and also helping the women to organize for suffrage, returned home Sunday evening to work here during the last week of the campaign in behalf of Mr. Stephen C. Packer's candidacy for supervisor. Dr. Russell says that there are strong hopes that New Mexico will go Republican. She had her headquarters at Santa Fe during her sojourn in New Mexico and visited all the principal cities and a large number of the minor towns and villages. Everywhere she found Republican sentiment and confirmed and organized it.

PREPARE FOR BAZAAR

The Ladies' Aid Society of First Methodist church are very busy preparing for their bazaar to be held on next Friday and Saturday, Nov. 10 and 11, in the Wilson block, next door to the Glendale News. Booths have been prepared for different articles of beauty and use and good things to eat. All to be in charge of competent ladies.

PURCHASES FINE AUTO

One of the most interesting meetings that the Brotherhood of the First Methodist Episcopal church has arranged will be held tonight (Friday), at the church parlors. The Brotherhood has made a wonderful success of its work during the past season. Tonight the officers for the ensuing season will be elected. It is essential that there should be a full attendance of the members. A special feature of the meeting will be the address of Attorney Owen Emery on "The Single Tax."

ED LEE, President.

LAURENCE ELLIS, Secretary.

EAGLE ROCK RAILWAY

Work has been resumed on the widening of the Glendale and Eagle Rock railway, a branch of the Glendale-Montrose Railway system. The work which was begun some time ago was perforce stopped on account of the further work undertaken on the Montrose line. A gang of men is now at work on the curve at Glendale avenue and Third street and the work of converting the track to standard will be prosecuted vigorously and continuously until finished.

All those intending to enter the dry parade in Los Angeles tomorrow should leave Brand and Broadway not later than 1 o'clock.

GIRLS GIVE PARTY

The Misses Gertrude and Rose Klein, 321 S. Kenwood street, entertained a party of their Los Angeles friends and others, Sunday evening. The affair was carried out in genuine Hallowe'en style. The rooms were tastefully decorated with large yellow chrysanthemums, while through all were the Hallowe'en accompaniments and symbols. A very

pleasant evening was spent in singing and music and a typical Hallowe'en supper was served.

BIRD AND FLOWER CLUB

The Bird and Flower club will meet as usual tomorrow at headquarters, 1111 West Broadway, at 11:45 a. m. A trip will be taken to Eagle Rock park.

MONSTER "DRY" PARADE IN LOS ANGELES SATURDAY AFTERNOON

Glendale will be there—father, mother and the youngsters, following the Glendale Municipal band, at the head of the San Fernando valley division. Conservative estimates place the number of paraders at 35,000, and it may run much higher. The parade will not be a mere procession of people, but will be a mighty pageant, showing in many ways the attitude of thinking men and women toward the liquor traffic. Floats, banners, pennants, songs and decorations will make the parade one long to be remembered. And it is confidently expected that it will win hundreds if not thousands of votes.

Official instructions for Glendale's representatives, and those of the valley, follow:

Tenth division—Starts at 2 p. m. Forms on Santee street and Twelfth street, right at Santee and Twelfth facing north, occupying Santee from Twelfth to Pico and Pico from Los Angeles street to Maple avenue.

Marshal, staff and band. Marshal, Mattison B. Jones. Aides, R. M. Jackson, Roy Randsburg, W. E. Evans, Frank L. Muhleman.

Glendale, Burbank, Tropico, Chatsworth, San Fernando, Lankershim, Van Nuys.
Line of March—Eighth street to Spring street, Spring to First, First to Broadway, Broadway to Ninth, and Tenth to Hill. Head of parade at Eighth and Main.

All churches, fraternal societies, clubs and friends of the temperance cause are cordially invited to join in this demonstration. All should be in their places and ready to march by 1:30 p. m. All organizations will be assigned to their places by the marshal and his aides, as they arrive. See Los Angeles papers for further details.

MATTISON B. JONES,
Marshal.

REASONS WHY DR. HUNT CLAIMS RECOGNITION IN THE POST-MASTER RACE

First. DR HUNT IS ONE OF THE OLDEST AND MOST HONORED CITIZENS IN GLENDALE.

Second. He was the one who established the Glendale High school and has been styled the Father of the High school.

Third. He was the man who first wrote to the Pacific Electric concerning the project of an electric line and was the president of the right of way who secured the road.

Fourth. He was the man who with three others came to the front and bought and paid for the first ground on which the original school was built on Broadway and Brand, this was their gift to the Union High school.

Fifth. As health officer of Glendale he gave to Glendale its first sanitary water securing to the city the enclosing of the reservoir from the vermin and filth that was annually cleaned out.

Sixth. Dr. Hunt has ever been an ardent supporter of the Democratic party, both here and in Redlands, where he was among those who nominated the present Judge Bledsoe to his office against large opposition. Dr. Hunt has been active in every campaign for his party and secured halls and assisted in securing speakers for each campaign year.

Again, as you all remember he was most active in the suffrage campaign in his writing and doing all he could for female suffrage.

Ladies and gentlemen is this not enough to entitle him to your consideration?

He is therefore asking for your support in his application for the position of postmaster of Glendale.—Advertisement.
